

Vietnam VOHUN BioRisk Management Integration

Program UPDATE | April, 2020

Vietnam National One Health University Network (VOHUN) in collaboration with Sandia National Laboratories and the Defense Threat Reduction Agency held the second year and first series of 2020 Biorisk Management student case-based learning remote engagement event on April 27th, 2020.

The engagement utilizing the Zoom video conferencing platform, brought together around a total of 157 participants: 68 students and professors from 10 universities in Vietnam as well as 98 participants from 14 countries to review the first student case focused on COVID-19 from a biorisk management perspective.

Outcome

Remote Engagement Outcome April 27, 2020:

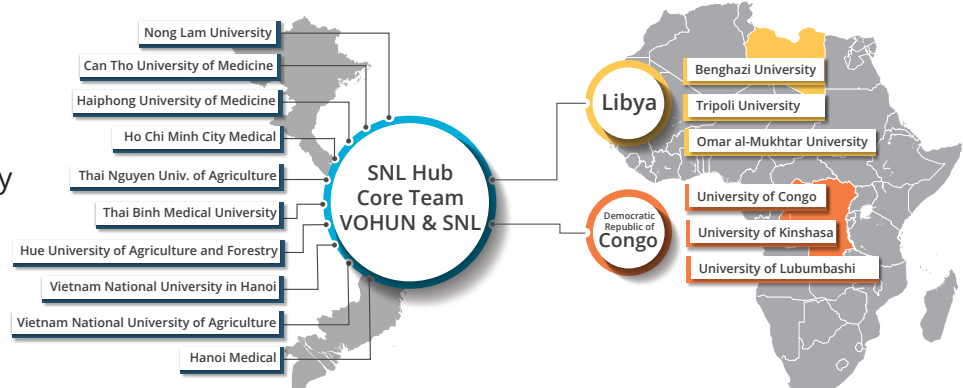

- A total of 157 individual remote sites across the world joined in via Zoom together including 10 VOHUN universities within Vietnam to discuss the Covid 19 case presentation from the Biorisk Management perspective. Discussion and knowledge exchange conversations among participants was generated through SNL moderators.
- 14 countries: DRC, Ethiopia, Indonesia, Libya, Malaysia, Philippines, Thailand, US, Viet Nam, Myanmar, India, Japan, Egypt and France participated in the session

Model of Remote Engagement in Vietnam

Core Hub Technical Team:

1. Nong Lam University – Veterinary School
